# genesi

**Genesi: assemblaggio facile e veloce, massima praticità, nessuna vite.**

Genesi è un versatile sistema di sedute orientato verso la flessibilità d'uso e la completezza. Offre infatti numerose opzioni di combinazione tra telai, basi, schienali e sedili, e accessori, adattandosi così a diversi contesti di utilizzo come uffici, sale conferenze, ambienti didattici e spazi di co-working.

**Genesi: quick and easy assembly, maximum practicality, no screws.**

*Genesi is a versatile seating system oriented towards flexibility of use and completeness. In fact, it offers numerous combination options among frames, bases, backrests, seats, and accessories, thus adapting to various usage contexts such as offices, conference halls, educational environments, and co-working spaces.*

Il comfort della sedia è garantito da un design curato ed ergonomico, mentre l'uso di una soluzione tecnica innovativa permette l'assemblaggio dei componenti dello schienale, del sedile e del bracciolo senza l'impiego di viti. Questa innovazione non solo assicura un'elevata praticità, ma contribuisce anche a ridurre il numero complessivo dei componenti.

*The comfort of the chair is ensured by a careful and ergonomic design, while the use of an innovative technical solution allows the assembly of the back, seat, and armrest components without the use of screws. This innovation not only ensures high practicality, but also helps to reduce the overall number of components.*

Design e funzionalità vanno di pari passo con sicurezza e innovazione, garantendo la conformità alle certificazioni di sicurezza EN 16139:2013 Livello 2 e Ansi-Bifma X5.1, e vantando l'utilizzo di una soluzione tecnica brevettata.

*Design and functionality go hand in hand with safety and innovation, ensuring compliance with EN 16139:2013 Level 2 and Ansi-Bifma X5.1 safety certifications, and boasting the use of a patented technical solution.*

**Disegnato da  
Emanuele Bertolini**  
*Designed by  
Emanuele Bertolini*

**Brevettato**  
*Patented*

**La sedia con telaio 4 gambe è certificata  
EN 16139:2013 Livello 2 & ANSI-BIFMA X5.1**  
*The 4-leg frame chair is certified  
EN16139:2013 Level 2 & ANSI-BIFMA X5.1*

La collezione offre varie opzioni applicabili allo schienale e al sedile: dalla plastica a vista disponibile in quattro colori - nero, bianco, grigio e blu - fino alla possibilità di tappezzarli entrambi. Lo schienale può anche essere scelto in una versione adatta al montaggio della rete, offrendo così un'ulteriore opzione di personalizzazione e un comfort aggiuntivo.

Telai e basi sono proposti in quattro colori - nero, bianco, grigio e in finitura cromata - in vari modelli, a partire dai classici telai a 4 gambe e cantilever, entrambi impilabili, fino alla base girevole su ruote o la versione panca.

*The collection offers various options applicable to the backrest and seat: from exposed plastic available in four colors - black, white, gray and blue - to the possibility of upholstering both. The backrest can also be chosen in a version suitable for mesh mounting, offering an additional option for customization and comfort.*

*Frames and bases are offered in four colors - black, white, gray, and in a chrome finish - in a variety of models, both stackable, from classic 4-leg and cantilever frames to a swivel base on casters or a bench version.*

Il telaio a 4 gambe per ruote è disponibile in una versione dedicata ad equipaggiare uno specifico set di piedini alti, o di ruote. In questa configurazione è possibile installare anche un funzionale vassoio portaoggetti.

*The 4-leg frame for castors is available in a dedicated version to equip a specific set of long glides, or castors. This configuration also allows a functional storage tray to be installed.*

Gli accessori includono anche un pratico porta-tavoletta, disponibile nei 4 colori della collezione, da installare direttamente sul bracciolo.

*Accessories also include a handy tab holder, available in the collection's 4 colors, which can be installed directly on the armrest.*

La scocca del sedile è predisposta ad alloggiare un set di ganci laterali retraibili che consentono di unire saldamente le sedie quando affiancate.

*The seat shell is designed to accommodate a set of retractable side hooks that allow the chairs to be firmly joined when placed side by side.*
