versione trave telescopica
telescopic beam version

versione trave fissa
fixed beam version

Disponibile in due versioni — con trave fissa o telescopica — Match è dotato di un meccanismo che consente il ribaltamento del piano, facilitando la gestione e l'ottimizzazione degli spazi. Le linee minimali delle gambe, montate su ruote, rendono Match una soluzione ideale per uffici, sale meeting, ambienti formativi e spazi polifunzionali.

Available in two versions—with a fixed or telescopic beam—Match features a mechanism that allows the top to be tipped, making it easier to manage and optimize space. The minimal lines of the legs, mounted on castors, make Match an ideal solution for offices, meeting rooms, training environments and multipurpose spaces.

La versione con trave telescopica consente di variare la lunghezza della struttura, regolandola su sei diverse misure, compatibili con piani da 1200 mm, 1300 mm, 1400 mm, 1500 mm, 1600 mm, 1700 mm e 1800 mm.

The telescopic beam version allows the structure's length to be adjusted to six different lengths, compatible with tabletops measuring 1200 mm, 1300 mm, 1400 mm, 1500 mm, 1600 mm, 1700 mm, and 1800 mm.

Il meccanismo di ribaltamento del piano può essere azionato facilmente con una sola mano, grazie alla pratica maniglia posta sotto il piano, garantendo rapidità e massima praticità d'uso.

The top-tilting mechanism can be easily operated with one hand, thanks to the convenient handle located under the tabletop, ensuring quick and convenient operation.

La versione con trave fissa è disponibile in tre lunghezze, compatibili con piani da 1200 mm, 1400 mm, 1500 mm, 1600 mm, 1700 mm e 1800 mm.

The fixed beam version is available in three lengths, compatible with 1200 mm, 1400 mm, 1500 mm, 1600 mm, 1700 mm and 1800 mm tabletops

Le gambe in metallo sono disponibili in due larghezze — 600 mm e 750 mm — e in tre eleganti finiture: nero, bianco e grigio.

Sono completate da dettagli in plastica con colori coordinati, che valorizzano l'estetica dell'intero tavolo.

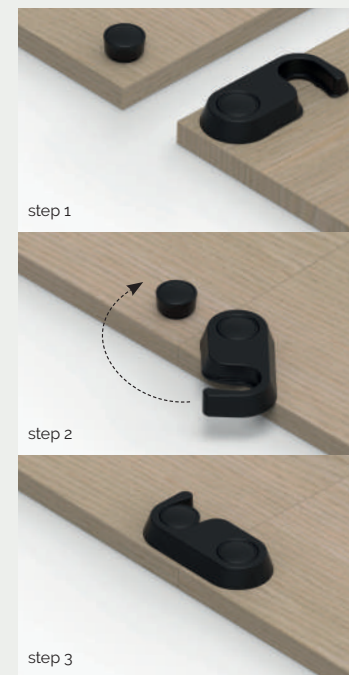

The metal legs are available in two widths — 600 mm and 750 mm — and come in three elegant finishes: black, white, and grey.

They are complemented by plastic details in matching colors, enhancing the overall aesthetic of the table.

Tra gli accessori disponibili per la collezione Match, il gancio di unione permette di affiancare più tavoli in modo stabile e continuo.

Among the available accessories for the Match collection, the linking device allows multiple tables to be joined together in a stable and continuous way.

L'apertura e la chiusura del pannello di cortesia risultano fluide e controllate, grazie ad un meccanismo che ne sincronizza il movimento con quello del piano, per garantire sempre funzionalità e ordine estetico.

The opening and closing of the modesty panel is smooth and controlled, thanks to a mechanism that synchronizes its movement with the motion of the tabletop, to ensure functionality and aesthetic order at all times.

Per una stabilità ottimale, si consiglia di utilizzare:
For optimal stability, we recommend using:

- Gamba da 600 mm con piani di larghezza fino a 700 mm.
600 mm leg with tabletops up to 700 mm wide.
- Gamba da 750 mm con piani di larghezza fino a 800 mm.
750 mm leg with tabletops up to 800 mm wide.
